

GENERAL DENTISTRY INFORMED CONSENT

PATIENT'S NAME _____

AS A PATIENT OF DIAMOND DENTAL CARE, I ACKNOWLEDGE THAT I HAVE RECEIVED THE FOLLOWING DISCLOSURES CONCERNING DENTAL PROCEDURES. EVEN THOUGH I AM NOT REQUESTING ALL OF THE FOLLOWING TREATMENTS AT THIS TIME. BY SIGNING THIS FORM, I ACKNOWLEDGE THAT I HAVE READ THIS ENTIRE FORM AND ACCEPT THE DISCLOSURES MADE ON IT.

1. WORK TO BE DONE

I understand that I am having an initial exam & x-rays. If further treatment is necessary, a Treatment Plan will be given to me.

2. DRUGS AND MEDICATIONS

I understand that antibiotics, analgesics and other medications can cause allergic reactions causing redness and swelling of tissues, pain, itching, vomiting and/or anaphylactic shock. Antibiotics may also interfere with the effectiveness of my oral contraceptives (birth control pills) and I may need to use alternative forms of birth control during antibiotic therapy.

3. CHANGES IN TREATMENT PLAN

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination. For example: root canal therapy following restorative procedures. I give my permission to the Dentist to make any and/or all changes and additions as necessary.

4. REMOVAL OF TEETH

Alternatives to removal have been explained to me (root canal therapy, crowns, and periodontal (gum) surgery, ect). And I authorize the Dentist to remove the following teeth _____ and any others necessary for reasons in paragraph # 3. I understand the risks involved in having teeth removed, some of which are pain, swelling, spread of infection, dry socket, loss of feeling in my teeth, lips, tongue and surrounding tissue (paresthesia) that can last for an indefinite period of time or fractured jaw. I understand I may need further treatment by a specialist if complications arise during or following treatment, the cost of which is my responsibility.

5. CROWNS, BRIDGES, AND CAPS

I understand that sometimes it is not possible to match the color of natural teeth exactly with artificial teeth. I further understand that I may be wearing temporary crowns, which come off easily and that I must be careful to ensure that they are kept on until the permanent crowns are delivered. I realize the final opportunity to make changes in my new crown, bridge, and/or cap (including shape, fit, size, and color) will be before cementation. It is also my responsibility to return for permanent cementation within 20 days from tooth preparation. Excessive delays may allow for tooth movement. This may necessitate a remake of the crown, bridge, and/or cap. I understand there will be additional charges for remakes due to my delaying permanent cementation.

6. ENDODONTIC TREATMENT (ROOT CANAL)

I realize there is no guarantee that root canal treatment will save my tooth and that complications can occur from the treatment, and that occasionally root canal filling materials may extend through the tooth which does not necessarily effect the success of the treatment. I understand that endodontic files and reamers are very fine instruments and stresses vented in their manufacture can cause them to separate during use. I understand that occasionally additional surgical procedures may be necessary following root canal treatment (apicoectomy). I understand that the tooth may be lost in spite of all efforts to save it.

7. PERIODONTAL LOSS (TISSUE AND BONE) COMMONLY KNOWN AS GUM DISEASE

I understand that I have a serious condition causing gum and bone inflammation or loss and that it can lead to the loss of my teeth. Alternative treatment plans have been explained to me, including gum surgery, replacements and/or extractions. I understand that undertaking any dental procedure may have a future adverse effect on my periodontal condition.

8. FILLINGS

I understand that care must be exercised in chewing on fillings, especially during the first 24 hours to avoid breakage. I understand that a more extensive filling than originally diagnosed may be required due to additional decay. I understand that significant sensitivity is a common after effect of a newly placed filling.

9. DENTURES

I understand the wearing of dentures is difficult. Sore spots, altered speech, and difficulty in eating are common problems. Immediate denture (placement of denture immediately after extractions) may be painful. Immediate dentures may require considerable adjusting and several relines. A permanent relines will be needed later. This is not included in the denture fee. I understand that it is my responsibility to return for delivery of the dentures. I understand that failure to keep my delivery appointment may result in poorly fitted dentures. If a remake is required due to my delays of more than 30 days, there will be additional charges.

I understand that dentistry is not an exact science and that therefore, reputable practitioners cannot properly guarantee results. I acknowledge that no guarantee or assurance has been made by anyone regarding the dental treatment which I have requested and authorized. I understand that no other Dentist is responsible for my dental treatment.

I hereby authorize any of the Dentist's or dental auxiliaries to proceed with and perform the dental restorations and treatments as explained to me. I understand that this is only an estimate and subject to modification depending on unforeseen or undiagnosable circumstances that may arise during the course of treatment. I understand that regardless of any dental insurance coverage I may have, I am responsible for payment of dental fees. I agree to pay any attorney's fee, collection fees, or court costs that may be incurred to satisfy this obligation.
